CANDONI DE ZAN
Family

"We are an Italian, family-run winery, committed to excellent winemaking for over one hundred years. We feel great pride and gratitude for the magic land we come from and want our Candoni Painted Bottle Collections to be a celebration of its beauty and culture that the Etruscans started more than 2000 years ago in Italy.

All our bottles are painted with a technique called serigraphy which is a method of using ceramic natural colors melted on the glass of the bottle to create a unique piece of art."

Candoni family has also create Candoni Green, a unique line of Organic Wines, that are also Vegan and Gluten free, for the rising consumer demand for all things plant-base
